### Getting Technical

When thinking of Tech, SPIRIT is the first word that comes to a true Tech Titan's mind. Sometimes winning, sometimes losing — but never quitting. That's what being a Techster is all about.

Memories of our extraordinary campus and the outrageous times on our 76 acres will forever linger. Those continuous Friday night football and basketball games along with "Let's Go, Tech!" chanted over and over shall never be forgotten. Neither will Freshman Hill, the islands, the beautiful landscape, or the many buildings trekked to in the rain, snow, or sunshine.

One can truly say that Tech is one of a kind. Who else has a vocational, magnet, and comprehensive program combined with special schools on a large campus with 16 buildings? Many students are "part-timers" who share their day between their home school and Tech.

More than 2,500 teens (46% Black, 51.8% White, 1.1% Asian, and .9% Hispanic) are building memories at the school whose beginnings can be traced to Abraham Lincoln's nod to acquire the land for an arsenal.

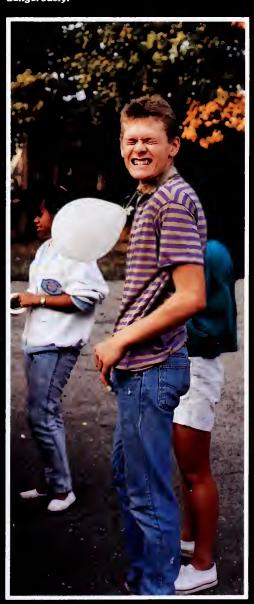

Seniors prepare the winning float for Homecoming '88.

Waiting for someone to attack the Homecoming balloon tied around his neck, Brian Williams lives dangerously.

A variety of student acitivities captured the attention of Techsters although music, art, speech, foreign language clubs, publications, Key Club, business clubs, JROTC, and athletics were the most popular. For some groups, auditions or tryouts were mandatory. For others, selection by teachers or recommendations were necessary; still others only demanded an interest in the activity.

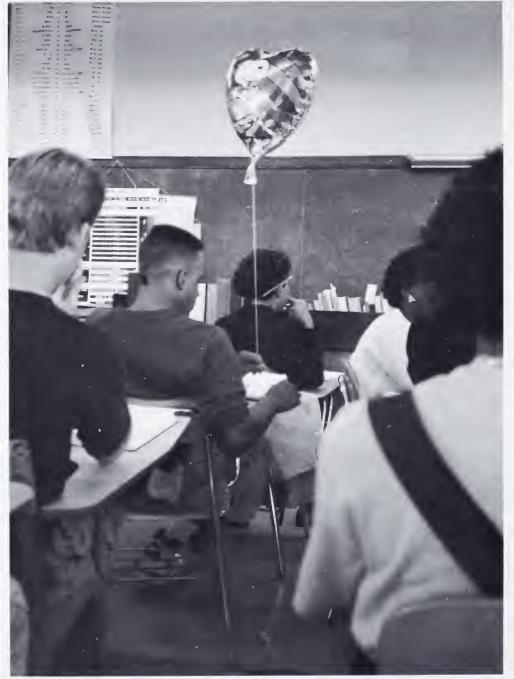

The Student Council was the "umbrella" for the clubs at Tech. Elected the same day as President George Bush, was Council President

Stacey Ortiz.

Honoraries included the Tech Legion, the National Honor Society, Quill and Scroll, National Thespian Society, and the National Forensic League, to name a few.

When Vice Principal Marilyn Mc-Cloud was asked her goals for the year, she said that she would like the clubs to have constitutions, goals, and plans for activities to achieve those goals. She also said she would like to see the clubs present leadership instruction and opportunities for student leaders.

Other practical experiences in Social Studies included a mock election where students went through the process of voter registration and voting on election day.

Left: Although chemistry is the class, one student tries his own experiment with a holiday balloon and his pencil. Many groups sold specialty balloons and messages as well as flowers, candy, and other products to earn funds.

#### What a win for the mighty Titans!

Reaching maxium capacity with anxious, roaring Tech fans awaiting the kickoff of the 1988 Homecoming game that featured the mighty Titans against the North Central Panthers, the Tech side of the stadium rocked. With James Beck passing to Neil Lloyd out of a punt formation, the 46-yard touchdown touched off a celebration by the fans.

Nearing the end of the third quarter, Tech slipped their fans a scare when the Panthers tied the score 6-6. With 4:47 remaining, Gene Youngkin kicked a field goal of 23 yards. Teck led 9-6. The Titans managed to protect their lead for the remainder of the game.

The Titans had won their Home-coming! It had been eight years since the last Homecoming win. Fans went crazy.

Homecoming began with the Friday

night bonfire where the football players were honored by the fans and cheerleaders. The band and Titanette Corps added the sparkle to the festivities.

Floats, the band, and various committee cars preceded the game. Seniors won the float honors.

The half-time show featured a firebaton twirler with the Tech Titan Marching Band. Dancing to the beat were the Titanettes.

In the ten beautiful Corvettes, the royal candidates toured the track. Winning the Princess and Prince honors were Kim Lightfoot and Sean Blagrave. Queen Elizabeth Seying and King Ted Coy were crowned by Principal Johnson. Helium balloons were released and created a colorful ending to the ceremony. Mr. David Banks and his committee planned the activities.

Walking to join the court are King and Queen candidates Brodey Milburn and Cheerleader Detra Woods. All the court members rode Corvettes in the Homecoming ceremonies.

Above left: "Tame the Panthers" became a reality in the Homecoming game. Banners and other art work surrounded the stadium to spur the Titans.

# Remodeling begins on Tech campus

Since 1912, Arsenal Technical High School has undergone many architectural changes. Beginning last year, Tech's multimillion dollar tenyear plan went into operation. The first item was the Arsenal roof. Then the interior was upgraded.

The exterior of the Main (Treadwell), Stuart, the West Residence, Morgan, and Lone were next on the list. Even the tunnels were brought up-to-date. After interiors have been remodeled, some departments will be relocated.

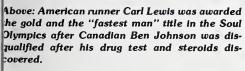

Stuart Hall had exterior renovation done and will soon be the home of all the math and science classes.

Lone Hall and the West Residence (Colonel's Cupboard) are getting major face-lifts.

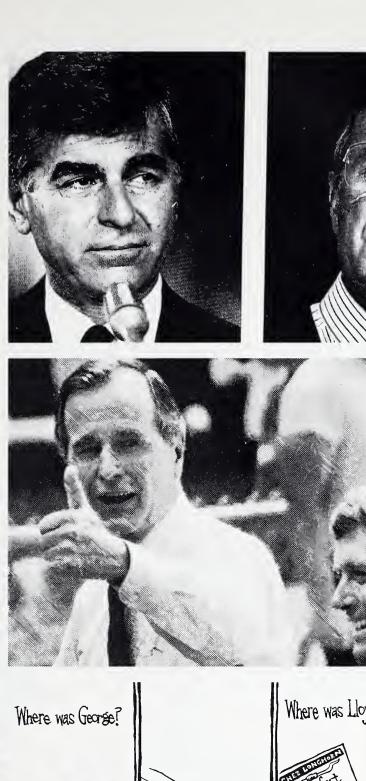

Beginning construction on the Main began with the roof. After the interior is done, departments will be relocated.

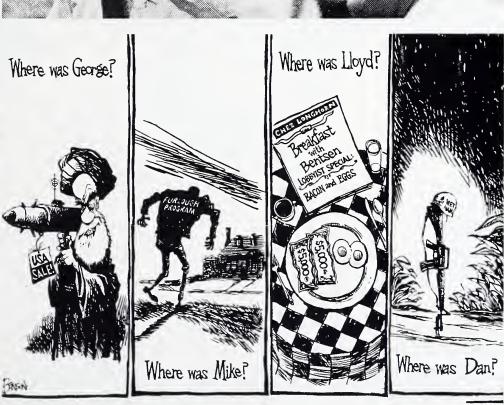

Fop Right: Two hopeful candidates vied for the presidency. Governor Michael Dukakis and Vice President George Bush debated and campaigned in a race that got closer on November 8. Bush pon the race.

Lower Right: Giving his thumbs up at the Re-publican Convention, George Bush had Indiana's Dan Quayle at his side. Quayle took media heat, but survived Lloyd Bentsen's "You're not John Kennedy" remark.

## On the job . . .

When asked why they worked, Tech students had no doubts at all—money! Some added, "It's more fun than school." "My parents make me."

But it is obvious that all the students like the spare change that jobs provide. Some students actually support themselves with their jobs while others use the money for cars, clothes, and fun.

The general rate of pay began at \$3.35 but most students made at least \$3.50. Some students worked at two or three parttime jobs.

Most common working hours was,

of course, the weekends with a weeknight here and there thrown in for good measure.

Fast food jobs was the winning category of job types, but a surprising number of Tech students work at the new Indianapolis Zoo where some worked with the public while others worked with the animals.

Opportunities in business were available with several co-op programs in the Career Center. Many seniors worked at a parttime job in the afternoon after attending classes in the morning on campus.

While working at O'Malia's downtown, Kyra Brown tempts her customers with a wide variety of candy at her specialty area within the store.

Far Left: Junior Chandra Sterrett sells jewelry on weekends. For a while, she was working at several parttime jobs. Chandra's main motive was fashion.

Left: While helping a customer, Rex Scott works at Crazy Ball in Union Station. Its good training if he ever wants to join a midway attraction.

Top Left: Richard Magbanua, Elizabeth Seying, Rochell Thomas, and Litded Seying work at the Rice Bowl in Union Station. All have a wide variety of skills in food preparation.

Top: Junior Shantel Hardin scoops out ice cream at Union Station. She likes the job where she can match ice cream choices with her customer's wishes.

Asking her customer what size Pepsi would she wants is Titan Shelley Rosales. Shelley also works at Union Station, a top choice for Titan teens.

Mary Roberts, Brodey Milburn (top left), Kim Mason, Stacey Lancaster, Kathy Clifford, Jade Robertson (top right), and Azeneth Rangel dress for the weather in a casual style.

Walking across campus, it's easy to see the wide variety of groupies at Tech.

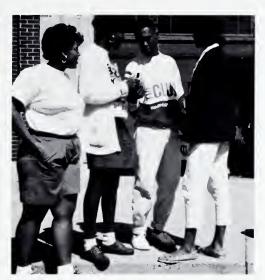

Blue jeans, long hair, and hard rock t-shirts advertising AC/DC, Bon Jovi, Guns N' Roses, Van Halen, or Cheap Trick are the favorites of some Titans. Concert crowds are spotted on Mondays as they sport their groups' logos.

Another group has "bushy" hair, dress pants, turtlenecks, and sweaters. Merry Go Round, DJ's and County Seat are the stores for this group.

The newest fad came from those who attend Broad Ripple as their second home. Most of them are dressed in black and have their heads shaved on one side. They say they don't want to "be like everybody else."

It didn't really matter how students dressed since every style was represented by the 2,500 students. The one thing that seemed to be consistent was that most clothes had writing on them whether they advertised a product, a school, or an idea.

Hot weather means cool comfortable clothes for most students.

Bringing back Carl Lewis' style, Frank Ivy and Allen Lang keep their hair boxed.

Left: Junior Eric Sadler is one of those who prefer the all-black look in clothes from the top of his head to his black shoes!

#### Campus Life Club popular with Tech student body

When students saw fliers being passed out in the cafeteria, it meant Alan Ulsh was on his weekly visit to Tech. Alan was the adviser and leader of the popular Tech Campus Life Club which met every Monday night on East Tenth Street at Eaglewood Christian Church.

Jamie Curtis, Stacey Rosales, and Bernadette Scruggs prepare to serve nachos.

Campus Life guys enjoy the refreshments. Tony Marsh, Eddie Hubbard, Robert Lucas, Jamie Curtis, David Ward, and Pablo Vasquez attend most meetings of Campus Life.

Having group discussions on topics was only one activity of the club. Games described by one member as "wild and fun" helped the students learn about them selves. More than 40 students attended each week. Every two months, the club met at a Super Club. The schools represented then competed in funfilled games.

Outings included the yearly trip to Florida during spring break. Fundraisers earned the trip money. "Meeting new people, making friends, expressing your feelings in the discussions, and the Florida trip" topped members Stacey Rosales, Jimmy Leonard, and Aaron Ferguson's list of "bests" about Campus Life.

Lisa Reeves makes Tony Marsh look like a mummy during one of the games. Trust (and speed, are important in this game.

#### Language opportunities wide at Tech

Richard Magbanua works the Phillipine Booth.

Heading both the Tech and Magnet Language Departments, Mr. David Banks directs his 12 teachers in developing students' communicative proficiency and knowledge of the history, culture, and civilization in six languages. Fifth-year levels were added in Arabic, Chinese, Japanese and Russian. Sixth-year levels will be added next year. Advanced students attended the first summer International Studies Institute at Indiana University in Bloomington.

Dawn Sulver enjoys French cheese samples.

Working with Mr. Banks, language students work on the council to plan the Homecoming events.

#### New faces in music

Changes seemed to be the norm in the Music Department. Richard Caudill (orchestra) and Larry Dixon (keyboard and guitar) joined Department Head Paul Prather and Mrs. Cindy Hartshorn. With the loss of Mr. Gary Davis who took a full-time position at a junior high, Mr. Prather took over the band second semester.

Success came in many forms for music students. Students learned new skills in piano and guitar. The performance groups earned honors at contests. Contributing to the success was new accompanist Mrs. Jeannette Brown.

Hold that note! The TECHoir practices to grab that first at contests in April and May.

Whenever there is music, Senior Michael Montgomery plays his drums to set the beat for Titans.

Directing the Techniques, Mrs. Cynthia Hartshorn helps the group practice for Sketchbook.

#### English gets new leader in Comstock

Directing 17 teachers, including newcomer Nancy Courtney, Mrs. Diane Comstock began her duties in August. Developmental reading was added in 1989 while etymology and some team teaching is planned for 1989-90.

Students and teachers earned honors for Tech. The literary magazine earned an Excellence rating while teacher Cecil Tresslar had several poems published. Senior Theresa Wehrle was a Prelude Finalist. Celeste White won Tech's Shakespeare contest.

Learning how to direct cameras and make transitions on the editing console are journalism student James Jones and Tommy Roper. Students were reviewing films.

#### Math Department hosts first IPS Math Day

Junior sponsor Jerry Hathaway leans against his flower car. He teaches Algebra and General Math.

On March 4 Department Head Richard Soendlin and his 12 teachers hosted the first annual IPS High School Mathematics Day. About 400 students competed at seven levels in General Math, Basic Algebra, Algebra, Geometry, Advance Math, and Calculus. Students earned individual ribbons, plaques, and medals. While Howe took school honors, Tech was awarded a plaque in Geometry and had many individual winners. Roberts also had two winners.

Mrs. Marilyn Hoffman helped the Math Club become active again. Under President Sheree Morse and Vice President Lloyd Cooper, members worked with Harshman Junior High. Math Seminar and tutors helped Tech students who had troubles.

#### Academic challenges stressed

Including magnet social studies teachers, 10 teachers directed activities in the department. Robert Brady, Tobi Elmore, and Mary Hill were new this year as was Department Head Gerald McLeish. Changes included a "G" U.S. History class, International Relations, Applied Economics, Current Events mini-course, and a government "G" class which focused on the U.S. Constitution.

Next year American Studies, which will combine U.S. History and English 5-6, and World Studies, which will combine World Civilization and English 1-2, will be offered. Both will be two periods long.

Students won district competition in the National Bicentennial Competition on the Constitution, IUPUI's Model U.N., and in the National History Day Competition. In the fall the first campus-wide mock election was co-ordinated by the Social Studies and English Departments.

# Goal: Introduce high tech to learning about science

Increasing the use of computers and other high tech devises, science teachers hope to improve academic achievement. Mrs. Glenda Agostino and Mr. Franklin Drumwright joined nine other on the staff directed by Mrs. Carol Smith. Field trips and hands-on activities also aided students. Next year astronomy and science technology will be offered.

Minding the cash register is Bernadette Scruggs at the Colonel's Cupboard. Mrs. Doris Raines directs the students in model restaurant. Mrs. Ruby Jones became the cook after Mrs. Vera Miller retired after 10 years at Tech in the restaurant.

## Career Center offers many choices to magnet students

Mr. Robert Stockard, vice principal in charge of the Career Center, wears many hats. He and his assistant Mrs. Talitha Anderson not only direct the variety of courses, but they also deal with ID's and buses. The Career Center attracts students from all IPS high schools who want to learn vocational skills. Counselors assist in placement.

Students in welding can get good paying jobs if they master all the skills taught in class.

Malinda Wesley, Katrina Hendricks, DeShella Abkar, Kelly Brown, and Chieu Tran practice their craft in cosmetology.

Louis Brown was the artist for William Finley and his cut. India White concentrates on her cut.

Keith Belt relaxes while Stephen Majors trims the side of his head. Barbers often became artists as they either followed their own imagination or instructions from their customers. Athletes who wanted to look good saw student barbers directed by Mr. Gordon Owen.

Tina Cunagun finishes off an outfit in alteration and tailoring

Tyrone Morrison is in architectural drafting.

Cometimes machines have to be abandoned as Rae Ann Gonzales demonstrates under the instruction of Mr. William Harrod.

The important question — will all those parts fit back together? Sure, says these students.

#### New curriculum and a new name

Industrial Technology, not industrial arts! New courses, new facilities, new labs, and new teaching techniques provided opportunities for students as they learned how to use technology and how it affects society. Mr. C.O. Montgomery joined the staff.

Following an idea to the completed project in producing a video, a dream home, a manufactured product, a wood construction, and a car were all part of courses.

Larry Eversole, Donnie Morris, Jose Ramones, Earl McCloud, and Larry Hankerson look over the Porsche that became a project for students in Auto Body and Auto Mechanics.

Superintendent James A. Adams addresses the construction students at the tree-topping ceremony. In Industrial Technology, students learn to design and build their dream house. They use computers and other technology to

get their ideas from their heads to a model. Mr. Dennis McClain supervises the department.

lichael Miller concentrates on his drawing. In Industrial Technology, stuents will get an overview of this sort of work. They work with blue prints and computers in creating the final product.

hris Wilson and Henry Morris learn the inner orkings of an automobile.

Jimmle Preston does his thing in welding, a Career Center course.

Rodney Crouch works on a carpentry project with a variety of tools.

avid Lloyd and Tina Morris test their electronics skills while learning about circuit boards. A new purse in computer repair will be offered in Career Center next year.

Mr. Duckworth in Small Engine Repair aids Lavinia Price, Lisa Pennington, and Robbie Denning.

Jerri Riley transcribes and types her notes.

In practice lab, filing is an important skill for the girls to learn as is working independently.

Monica Whitaker and Carrie Rigdon work together to get the equipment up and running in the lab.

Word processing machines demand special skills finds Tina Fields.

### Business Education continues to update curriculum work

Continuing to lead the department, Mrs. Joyce Freeman set goals which encouraged her 11 teachers to constantly revise courses to include current business practices so students would be prepared for the "real" business world. Business computer applications, word processing, office laboratories, typing, business math, filing, secretarial concepts, accounting, record keeping, and business law were some of the courses offered at Tech.

The Business Department is tied closely to the Career Education Center. Seven of the teachers also teach career courses.

Ashanta Duerson and Natasha Lofton use typewriters that might be found in any modern office.

### Art Department says goodbye to Stuart Hall, third floor

Although this year was a stable one for the department, next year will be quite different when the department leaves Stuart for the Barn. "We are looking forward to moving to the Barn as an improved, private art facility that should enhance the art program immensely," said Department Head Kermit Swenson.

The Art Department offered courses in ceramics, photography, craft design, stage design, leather work, drawing, clay techniques, commercial art and sign painting, cartooning, and jewelry. Banners, posters, and displays were also provided for school events. Honors went to many art students.

Tech grad, Disney artist, and author William Peet began his career in a class like this.

Senior Kyra Brown and teacher Michael Slover display her latest artist effort. Kyra has won several awards for her artwork.

## Titans get physical and learn life skills in PE

Educating students in areas of importance in health and physical education so they can have a longer and better quality of life is the primary goal of Tech's Health and Physical Education Department. Ten teachers were directed by Mr. John Hurrle. Courses included first aid, health, recreational sports, swimming, table tennis, drug education, adapted physical education, and physical education.

All Tech students take swimming during physical education. Safety is the first consideration.

Aerobics is for all students, girls and boys, says instructor Mrs. Sandra Moreland.

Checking in for lunch Mrs. Donna Pope-Green teaches phys ed and coaches cheerleaders and sports.

Calling the shots on the wrestling sidelines is Mr. Francis Knue who runs the swimming pool.

Skills and fun are in Tech's pool.

### Health Magnet attracts 1PS students to profession

Mr. Stan Irwin directs the Health Professions Center and its five teachers. Dana Fisher, Beverly Ransdel, Donna Uhlenhake, Carolyn Wegner, and Barbara Weilhamer teache the skills. Biology, chemistry, patient care, medical lab, and integrated health professions were offered courses.

The magnet attracts students interested in health professions. Lab technicians, dental assistants, nurses, and doctors were just a few of the considered career choices the students could explore.

Located in Stuart Hall, the class-rooms were part of the remodeling done two years ago. Keeping equipment current and practices close to what is used by professionals meant constant monitoring by the staff who worked closely with the community.

#### Boys take City Crown; Oliver gets top honors

Even though the Varsity went through some tough times, the season ended at 14 wins and 10 losses. The best moment for Coach Craig's team came when it won the City Championship by defeating Cathedral 53 to 49. Tho low came when Cathedral eliminated Tech 61 to 51 in the sectional. It had been 12 long years since Tech had won the city. Four of team made all-tourney.

Losses came against such tough opponents as Muncie Central (one point) and Lebanon (four points). Tech won over Ritter, Scecina, Manual, Arlington (three times), Cathedral, Washington, Roncalli (twice), Northwest, Ben Davis, North Central, and Howe. MVP was Henry Gooch. Derris Harrison was Mr. Hustle. Mental attitude winner was James Jones. Chrisman Harding had the most rebounds.

Leading rebounder Chrisman Harding blocks out and times his leap to take the ball as it leaves the rim. He earned an emblem with two service bars.

Fim Oliver goes strong to the basket as Scecina's Joe Murhearn tries to block it. Tim could shoot hree-pointers, too. He was nominated to McDonald's All AMerican Basketball team.

Junior Derris Harrison drives between the defenders to score against Scecina.

Basketball victories often depend upon who is willing to mix it up on the loor for loose balls. Henry Gooch and James Jones fight for possession of the ball. Earning their letters this year was Harrison, Lomax, and Mundy.

James Beck and Sean Day earned emblems with a service bar. Harding and Gooch earned their second major awards.

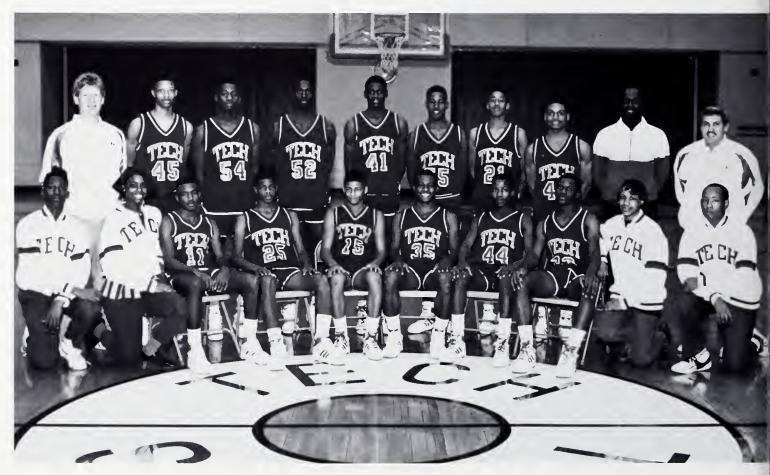

### Poor shooting percentage leads to 9-11 JV record

The JV finished fairly strong, but six straight early losses hurt the record. Shooting percentage of 39 percent also hurt. A bright spot was 65 percent free throws. The City Tourney was a good place for Tech fans if they had strong hearts. The Titans defeated Arlington 38-36 and then lost to Roncalli 35-34. Coach Bleill began the season with 15 players and ended with 10. Leading scorers for the JV were Chelsey Bannister and Brian Dyson. Bannister was also the leading rebounder while Gregory Williams led in assists and steals.

The frosh won 6 and lost 13 games. Broad Ripple, Chatard, and Washington were some of the wins.

Gregory Williams skies to pass the ball over his taller guard. Williams led in assists and steals for the junior varsity.

Ronald Johnson, Andre Mann, Cory McTush, and Thomas Vessely. Howard Sean, Michael Radford and Everett Wade earned certificates.

### Girls take City Crown and Sectional title, too!

Finishing the season with a 16-7 record, the Girls Varsity team were led by Coach Ronald Fyffe and Assistant Coach Cecilia Mimms. Although the team lost 8 to graduation, Dawne Wilhite, Yolanda Willis, Fredereka Jeter, and Sherri Dawson returned and provided leadership. The underclass developed quickly. The team lost the first two games then won 9 of the next 10, including the City Tourney. After winning the sectional, the girls lost to state-ranked Brebeuf, 34-29 in the Regional.

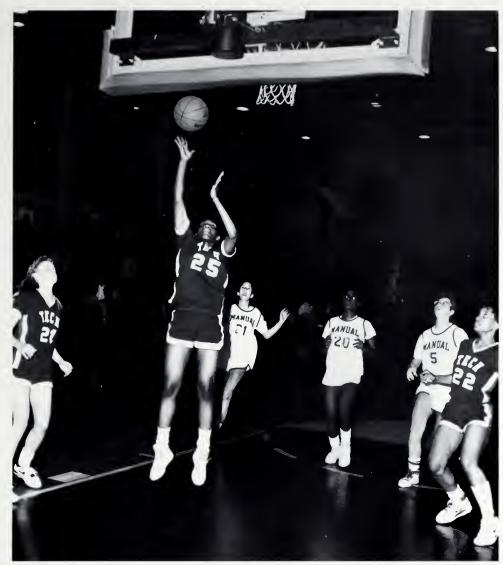

Nine players will return and transfer Rona Henderson will be eligible. Junior Sherri Dawson had an outstanding year and was the leading scorer (21.7) and rebounder (15.7) in Marion County as wll as first teams All-Indianapolis, All-Metro, All-City, All-Junior and fourth team All-State.

#### Statistics add up to great year

Statistically the Tech Titans football team had a great year. They gained 783 rushing yards. Senior Eric Thurman led with 394 yards, and Carmen Shirley followed with 203 rushing yards.

Terrence Hosley threw for 591 yards, and D'arcy Stanfield threw for 202 yards. Chris Harding was the leading receiver with 390 yards. Titans intercepted the ball nine times during the season. Leading tacklers were Dujuan Carpenter, Jason Stansberry, Marcus Saloane, and Marti Roberts.

Saloane made All City while Derrick Moulder was the outstanding senior.

### Frosk seasoned in tough football schedule bouts

Although the varsity team did well during the season, not enough players were found to play a jv schedule. The frosh found it tough going, too. They had no wins for their efforts. Several of the games were close, but points on the board were hard to come by.

Announcements of football awards came late because of Coach Newton's leg injury at Homecoming which sidelined him from the classroom for several weeks. Dujuan Carpenter and Marcus Saloane were Outstanding Defense, Eric Thurman was Outstanding Back while Chrisman Harding and Jason Stansberry were Outstanding Offense. Terrence Hosley got the Mental Attitude Award. James Beck was MVP.

### Teams set personal records to improve

Boys and Girls Cross Country teams had overall positive seasons this year. Coach Bruce McGeath directed Seniors Manual Hopson and Brodey Milburn, Sophomores John Kurek, Bruce Keene and Vaughn Harrison, and Freshman Mike Novak in their 0-6-1 season. The boys finished eighth of 13 teams in the city meet and sixth of ten teams in the Sectionals. Manual Hopson finished fourth in the sectionals and twelfth of 70 runners in the regionals.

Girls Cross Country, directed by Coach Jay Kleine, posted a 4-7 record with Seniors Jennifer McKibben, Kyra Brown, Marcia Jurgesmeyer, Rachelle Pippins, and Michelle Jones; Juniors Christina Cullison and LaShawna Shepherd, and Sophomore Annette Faust. Almost all attained personal records with the top three running the almost 2 1/2 mile course in the 18 minute range.

Manual Hopson usually led the team.

### Ferguson wins MVP

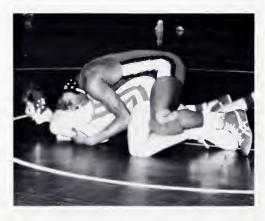

Although team scores weren't great, individual wrestlers did well. The frosh ended 2-3, JV was 3-2, and Varsity was 5-13. Aaron Ferguson was the MVP while Eddie Hubbard was the most improved. Benny Stoller had the fastest pin.

Denise Upshaw keeps accurate team records.

Marvin Harris was freshman City Champion.

### Girls top city foes in Tech Invitational

Although the girls swimming season was somewhat disappointing since they posted only two wins, the girls did well in the most important meets of the regular season. In the Tech Invitational six teams competed — Tech, Howe, Indian Creek, Washington, Mount Vernon and Arlington. Only four IPS high schools have teams. Tech placed third in the meet and was first of all the city teams to be the City Champions.

Theresa Wehrle was the Most Valuable Swimmer. Shannon Grady was voted the Most Improved Swimmer. Sara Benjamin earned the Best Mental Attitude Award. Coach Bill Rosenstihl was pleased with the improvement of the girls during the season.

### Kevin Marsh, swimming MVP; Greg Reese, best attitude

Not having enough swimmers to cover all the events cost the swim team points; thus, the record was 0-13 for the year. MVP Kevin Marsh made it to the finals in the sectional. Greg Reese won the mental attitude award while Jason Graham was recognized as the most improved swimmer.

Greg Ward earned a Tech medal in swimming as did Brodey Milburn. Kevin Marsh, John Pettengill, Greg Reese, and Matthew Stuckey earned their second major awards in swimming. Coach Bill Rosenstihl led the team.

# Greg Ward leads tennis to 7-6 season

Tennis players had a winning season this year with a record of seven wins and six losses. Senior Greg Ward placed first in third round singles in the IPS Invitational. Rob Lucas placed first in the second round singles. Jon Andrews and James Irvin were first in the second round doubles. Marvin Harris and Pat Pettengill were first in the first round doubles.

MVP for the team was Greg Ward. Kevin Marsh earned the Most Improved Player Award while Marvin Harris earned the Best Mental Attitude Award. Coach Kathy Kinghorn now leads both boys and girls tennis teams.

# Volleyball sets goals for 1989

Although the volleyball team had a trying season this year with a limited number of players, the girls set goals putting determination and dedication at the top of their priorities for four years. Recruiting from junior highs that feed into Tech, conditioning themselves, and working on the fundamentals are goals for 1989.

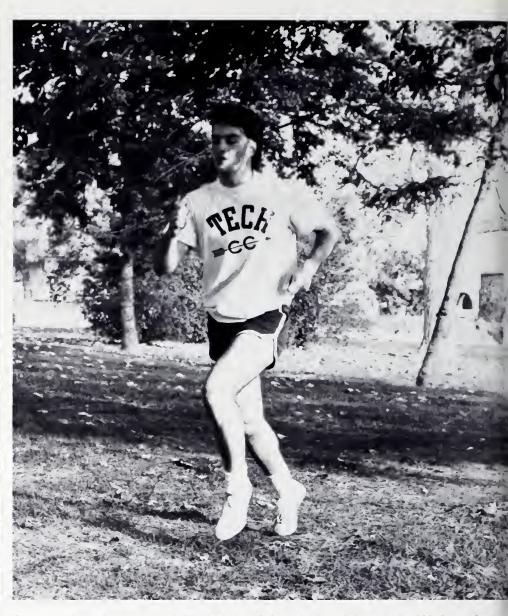

Coach Cecilia Mimms took over varsity responsibilities from Coach Mary Lou Manka. Coach Manka assisted this season after coaching the varsity for 15 years. With most of the girls returning from this year, the coaches saw improvement in skills which led to several tight matches.

### Hola, Konnichiwa, Bonjour . . . Hello in many languages!

All language clubs participated in the International Fairs at the Convention Center and at Tech. Aimee Hill led Spanish Club on a ski trip, a skating party, and to a restaurant. The group plans to go to Mexico in August. French officers included Brian Williams, Dawn Sulver, Kim Gerald, and Krissy Kern. They went to Chez Jean and had several fund raisers. Roslyn Lipkins led Chinese Club which published a bi-monthly newspaper. Rekiesha Paige, Rachel Butler, and Sheree Morse led Japanese Club which did research for possible scholarships.

# Students enjoy academic competition in many areas

Mathmatics Club members enjoyed stretching their minds in club activities. Members competed during Math Day at Tech and at other competitions. The Math Club sponsor was Mrs. Marilyn Hoffman.

The tenth district final for the National Bicentennial Competition on the Constitution and Bill of Rights at Butler University found Tech taking first overall. Lewis Gee accepted the trophy. Mr. Karl Schneider directed the contest in which each unit, in a class of six units, was given three questions to study. The judging was done on a four-minute presentation by each unit. Other schools at the contest were Ben Davis and Howe. Tech went on to national competition. Competition began in social studies classes as a celebration of the 200th anniversary of the Constitution.

### Human and International Relations Clubs build spirit

HUMAN RELATIONS CLUB — Lindy Pruett, Kelly Floyd, Michelle Holiday, Beth Abbott, Denel Wall, Chris Wolfe, Martha Bradshaw. Mrs. Bradshaw retires this year.

Human Relations Council members try to build good relationships among all Tech students. President Kelly Floyd, Vice President Beth Abbott, Secretary Scott Crowe, Treasurer Shannon Barnett, and Sergeants at Arms Denel Wall and Chris Wolfe design projects in which the entire campus may participate. On November 11, the club planted a willow tree to remember those who had died in Vietnam. Music students and the JROTC Color Guard participated. Teddy Brown, a nurse who had served in Vietnam, buried a medal to symbolize peace. Many Vietnam veterans were present for the occasion.

International Relations Club promoted good relations among all the language groups at Tech. Senior Michele Wallace was selected first alternate in the preliminary round of the 1989 International Olympiad. She was in the top one percent of all chemistry students in the United States.

### Speech students also in plays, musicals, variety show

Honoraries National Thespians and National Forensic attract students who want to perform. Both clubs recognize student work. Students earn points in meets for the speech honorary and in stage work for the acting honorary.

Speech team members did well this year. Ellen Taylor, Tracy Clark, Angel Barnes, Camille Higginson, Jason Vance, Yolanda Wakefield, Andrea Garrett, and Joyce Robinson were sectional winners and regional qualifiers. In the nine regular meets, the team earned two fourth place, a seventh place, and eighth place trophies. The team met early on Saturdays at Hardees to journey to the speech sites. English teachers, parents, and friends helped drive to the meets and to serve as judges. Ms. Judith McBride sponsored the team. Mr. Stan Minks sponsors the Thespians. Students who work backstage as well as onstage can qualify.

# Students begin SADD group at Arsenal Technical

Drinking and driving has been a teen problem for many years. Mrs. Marjorie Parker, business teacher, and some Tech students led by Greg Nowling organized a Students Against Drunk Driving (SADD) Chapter this year. The program asks the teen and his parent to sign a contract which asks them both to call home for a ride or call for a taxi if they have been drinking. The group had several evening meetings and guest speakers to encourage membership. They met each Friday in Room 167. Selling roses helped finance activities.

The Academic Club had many members who competed in a variety of activities. Sweaters were provided members by Tech's partner in education, Navistar. Mrs. Lindy Pruett sponsored the group of scholars. Only Julie Leisure graduates from the Channel 13 High School Contest group.

### Key Club weets in a.m. and p.m. to help students

Key Club, the Kiwanis-supported student group sponsored by Mr. Rollin Jump, met in the morning and afternoon to accommodate students. Both groups elected officers to coordinate events. Community service and development of leadership were two of the goals for the club. Activities included a membership party, fund raising, and assisting in the Tech Community Leadership Night. Celebrating excellence was one of the club's goals.

The club conducted a soup drive for Westminister Church to aid 140 poor and needy in Indianapolis. Members attended the District Conference in Indianapolis. Tracy Clark won first in a talent contest.

# Clubs win contest honors at local, state levels

Business Professionals of America, formerly OEA, is a student organization for occupations in business office skills. At District Leadership Conference, Pam Riley, Tim Cochran, Leah Whyde, Lori France, Melissa Lady, Stacy Sallee, Angel Williams, and Anya Wood won first place honors. At State Pamela Riley earned a fifth place to go national competition in Dallas.

Vocational Industrial Clubs of America (VICA) is for students enrolled in trade, industrial, technical, and health education. Jeff Keatts went to national. Mark Collins and Troy Stinson won Ivy Tech scholarships.

### String group performs for Vice President Quayle

Tech's performing groups performed for many community groups, but the outstanding call came when Mr. Paul Prather was asked to provide music for Vice President Dan Quayle's visit to Indy. Groups performed at the New Zoo.

Two clubs were added in music — a Composers Club and Tri-M, a national music honorary. Composers had four purposes: spirit, publicity, recruitment, and pride in the music area. Christi Morse was president. To be in Tri-M, students had to pass a test and meet national requirements. Induction was in May.

When the North Central Evaluation Committee came to Tech in November, music groups entertained at the Hilton. The committee was complimentary, especially to the Bell Choir which is a unique group for a high school to have in its music department. Music groups also performed at Union Station and area churches. Even some weddings were booked!

## McGary leads class of 1991 Titans

More than 500 sophomores attended classes at Tech's campus. They had become used to the independence of going from building to building. They also had become serious about their futures.

Leading the class academically were Sara Benjamin, Christopher Ovelton, Paul McGary, Rachel Butler, Rae Ann Gonzales, Aisha Woodard, Gregory Edmonds, Jose Gamez, Sheree Morse, Luis Guerrero, and Holly Moore. In sports Marvin Harris is one of the leaders. He won City in wrestling and was part of the number one doubles team in tennis.

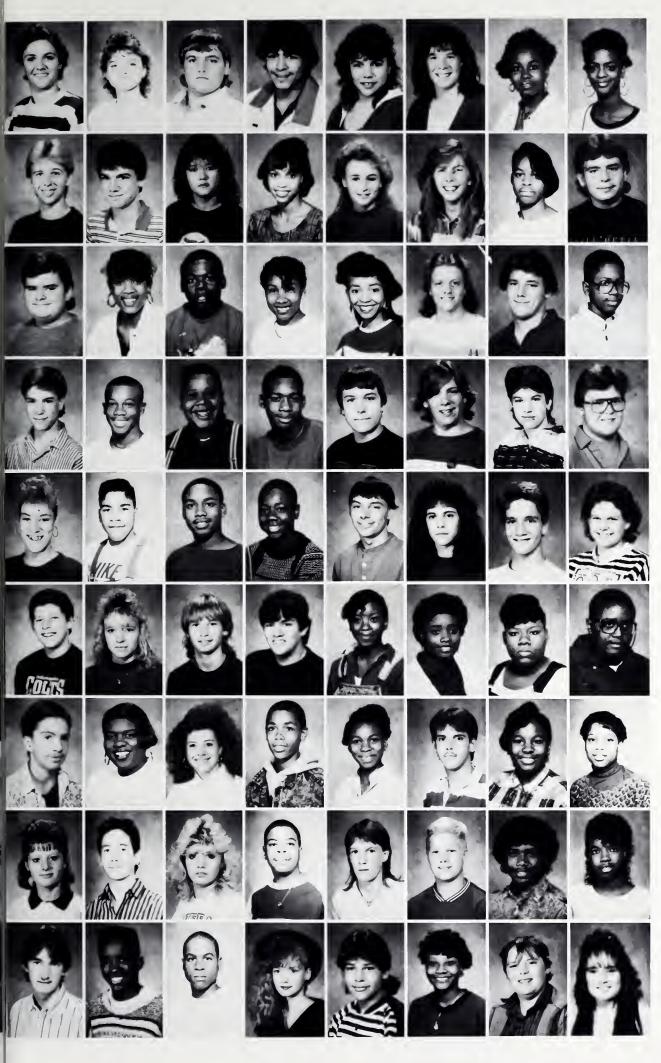

Sophomore Delbert Brooks dances the lead in FAME. He also was in the spring musical. Delbert enjoys singing with several of Tech's performance groups.

As a member of Tech Mates, Rachel Butler keeps score. Activities and academics are important to Rachell.

Daniel Bankhead and Esther Powell were candidates for Basketball Homecoming King and Queen. The sophomore class sponsored the event which featured underclass royalty.

Freshman Larry Griggs mans the camera during the mock television news casts prepared by teams of three in journalism. Larry also played basketball for the Titan frosh.

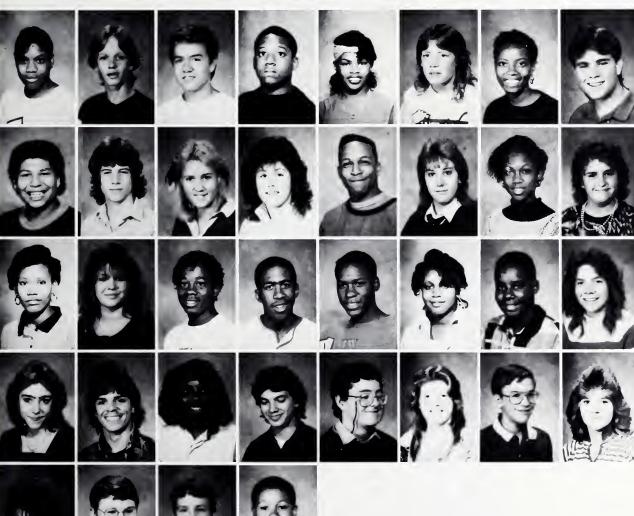

Adding dimension to the band was the majorette corps who performed at football and basketball games. Freshmen joined the band and corps during the summer to practice routines.

Another popular gathering place for Titans is the second floor hallway in the Main. The murals have been a part of Tech tradition for years.

Parents in Touch (the annual checkup for teachers, parents, and students) happens in the cafeteria so all the parents can find teachers without having to wander the campus. Many students escort their parents who receive a folder which explains the student schedule, current grades, and test scores.

## Window washer rises to top of corporate comedy ladder

HOW TO SUCCEED IN BUSI-NESS WITHOUT REALLY TRYING begins with a window washer reading a "how to" book. As J. Pierpont Finch follows each chapter, he meets sweet Rosemary who falls in love with him and who aids him in his climb to success.

Mr. Stan Minks, Mrs. Cynthia Hartshorn, Mr. Larry Dixon, Mr. Paul Prather, Mrs. Sandy Moreland, Ms. Janet Eberle, Mr. Ray Browne, and Mrs. Jeannette Brown assisted more than 60 involved students in the March 10-11 production in Anderson Auditorium.

Brian Osborne takes lead in play and gets girl (Claudia Bennett).

Secretaries in the play included Claudia Bennett, Ellen Taylor, Mai Xia Vang, Christi Morse, Jennife McKinney, Kim Owens, Jennifer Darby, Stephanie Thurman, Melodie Spear, Cathy Ahern, Eric Arnold, Rene Britt, Jocelyn Fenton, Kelly Floyd, Andrea Garrett, Benita Gray, Ninya Hiese, Camil Higginson, Kristina Kern, Traletta Sanders, LaCoyla Spencer, and Siwatu Wilson.

Executives were Gregg Nowling, Delbert Brooks, Jeff Klinck, Darrell Doss. Benjamin Bertrand, Chr Ovelton, Francine Dash, Clayton Jordan, Brian Osborne, Paul McGary, James Middlebrooks, Fre Shinlever, Ramon Batts, Michael Head, and Donnie Reeves.

Playing the characters of Hedy LaRue and Mr. Biggley, Christi Morse and Paul McGary had a hot romance going in HOW TO SUCCEED WITHOUT REALLY TRYING. Christi had fun with the vamp roll. Paul and his cane

were a hit in his dance number. Christi earned a music scholarship to a Kentucky college.

Mai Xia Vang, Ellen Taylor, and James Middlebrooks stole the show several times. Mai Xia was Ms. Jones, secretary to Mr. Biggley, who got to dance and sing on the desk top. Ellen, who won the best actress award, played Smitty, and lead the "Coffee" song. Jame was Bud, the conniving nephew who got the laughs.

Darrell Doss had his first feature role as Twinble, mailroom manager, happy to earn his 25 year award.

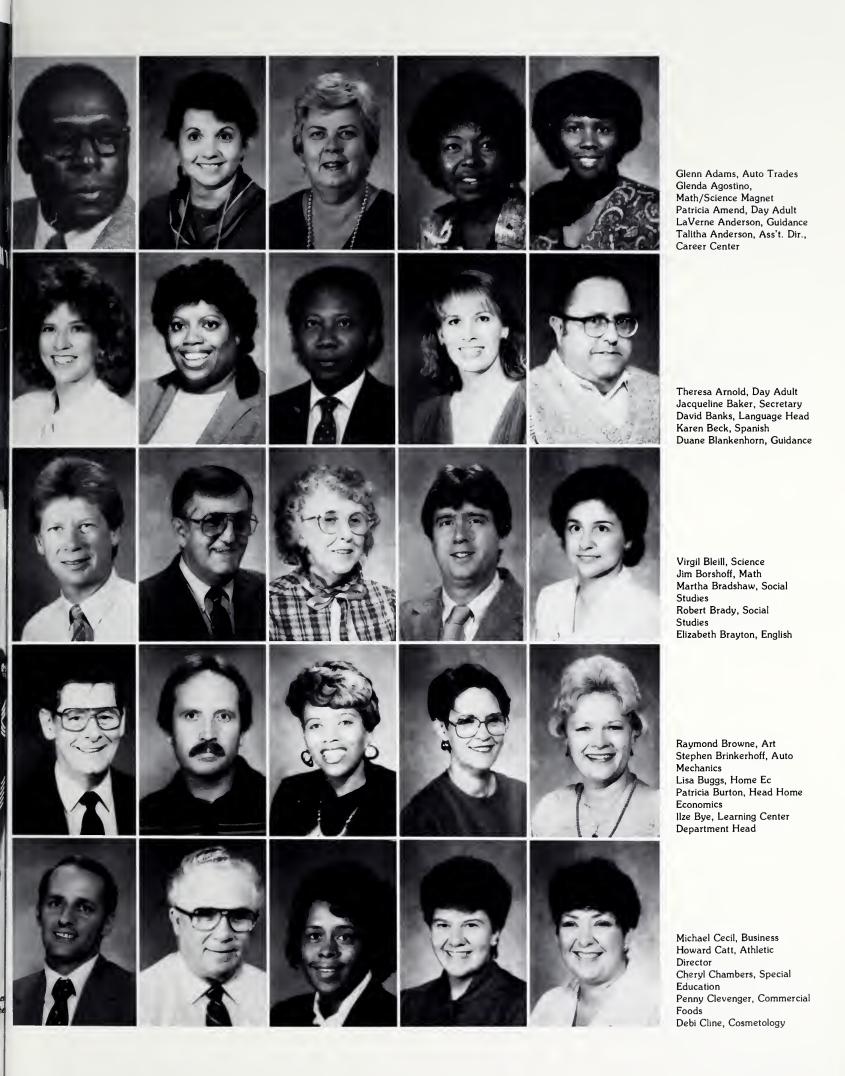

Principal Benjamin Johnson addresses parents, students, and staff at the National Honor Society Induction.

Mrs. Marilyn Woods, Dean, retires after teaching at Tech, Marshall, and Arlington. She began her career in home economics.

JROTC instructors Sergeants Neris Willis, Dock Hughes, and Alvin Boehmer led the corps to anothe good inspection. The Corps provides a variety of services to Tech, including that of guides for the North Central Inspection team.

Sometimes being a fan in the stands was a lonely business, but Tamyra Anderson cheers her Titans.

Shanda Bonner uses the telephone to make the "must" call. The Arsenal phones were always busy.

Homerooms meant special times for each class. Seniors had theirs in the cafeteria area so they could co-ordinate events.

is this a spirit car or what! Tech's students had many successes to cheer about this year. Balloons were popular fundraisers.

"The Island," — that Tech campus gathering place for students. Around 8 a.m. each morning students congregated to socialize before getting to classes. At the top of the island is "Freshman Hill" where Tech frosh learn

about the campus by getting rolled down that hill. The flowering trees, the handy places to sit, the friendly company — that's "The Island."

Volume 75 of the ARSENAL CANNON used the theme of TECH Times throughout its 160 pages. Copies of the books were produced by Newsfoto Publishing Company using 80 lb. enamel paper and offset lithography.

All body copy is in 12 point Souvenir type. Captions are 8 point Souvenir Bold Italic. Panels are 8 point Souvenir. Index is 6 point Souvenir. Headlines varied in size but were Jefferson Script type. Newsfoto's TypeVision,

PageVision, and IndexVision software packages for the IBM were used to produce the year-book.

Root Photography of 1131 West Sheridan Road in Chicago, Illinois, was the senior photographer. Inter-State Studio of Sedalia, Missouri, was the underclass photographer.

Special thanks go to yearbook representative Dick Kennard, David Russell, and Howard Catt for their assistance.
